PROFESSIONAL SUMMARY

Front-End Web Developer with 3.5+ years of experience building and maintaining responsive, high-performing WordPress websites for clients across different industries. Experienced in turning design files into clean, mobile-friendly websites that work smoothly across browsers and devices. Comfortable managing a website from design handoff all the way through development, testing, and launch. Focused on writing quality code, improving website speed, and delivering a great user experience.

CORE SKILLS

Front-End Development: HTML5, CSS3/SCSS, JavaScript, jQuery, PHP, React.js

WordPress: Custom theme development, Elementor, Gutenberg, Advanced Custom Fields, Custom Post Types

Shopify: Theme customization and storefront basics

Database: MySQL

Design Tools: Figma, Adobe XD, Canva

Website Performance & SEO: Page speed optimization, technical SEO, responsive design, cross-browser compatibility, web accessibility best practices (WCAG)

Marketing & Tracking: Meta Ads, Google Analytics, Google Tag Manager

Other Tools: Git, project management tools (ClickUp, Monday.com)

PROFESSIONAL EXPERIENCE

Front-End Developer — ZealousWeb Technologies Pvt. Ltd.

2022 – 2026 | Ahmedabad, Gujarat, India

- Built and delivered more than 50 custom WordPress websites, handling the full process from design handoff to final launch.
- Converted design files from Figma and PSD into responsive, pixel-perfect websites that work well on all browsers and devices.
- Created flexible, easy-to-manage website sections so clients can update content on their own.
- Wrote custom website features using HTML, CSS, JavaScript, and PHP, following WordPress best practices.
- Improved website loading speed and overall performance through better coding and optimization practices.
- Set up website tracking and analytics to help clients understand visitor behavior and make informed decisions.
- Handled ongoing website maintenance, including fixing bugs and keeping plugins and themes up to date.
- Worked closely with designers, back-end developers, and project managers to deliver projects on time.
- Made sure websites were accessible and easy to use for all visitors.
